## New City Summer School

A big thank you to Ms Rainger and Mr Archer and all the staff involved in running our amazing Summer School supported by NIKE. A quote from one mum 'My children have been attending the Summer School for the past three years. It has been absolutely amazing that New City were able to have funding to cater for this. This meant the kids were in a space where they could interact with other children, learn, play and do fun filled activities rather than being at home for the whole 6 weeks. It's been phenomenal especially for working parents who struggle to find childcare and it definitely eliminates the feeling of guilt - not doing enough fun stuff with the kids!'

### Attendance at New City

At New City we believe that 100% attendance for all children is highly important to ensure that children progress with their knowledge, understanding and skills and are ready for their next stage of their learning. We do appreciate that children become sick from time to time but would encourage you as parents/carers not to keep children off school with minor ailments and where possible keep medical appointments to after school and school holidays. If children's attendance causes us concern we will be follow up with parents and the necessary agencies to ensure children do not miss out on their education.

### Mr Freeland's Book Review—A Little Monster's Guide to Positivity

Fluff is a little monster but sometimes, their emotions get in the way of having fun. They don't always feel that they are good enough, and sometimes they find tasks intimidating and feel like they can't do them. In fact, Fluff has a secret: they are super nervous about the fact that they can't BOO very well, which is essential at Spooking Day. How will they manage to BOO like everyone else. Fortunately, Fluff's friends and family have lots of tips for making Fluff feel more positive about their abilities, including techniques such as breathing, going out in nature, making a gratitude list and lots more . This charming picture book from Emily Snape has a simple and reassuring tone for little ones who may also feel anxious about new tasks or not feel very confident in themselves. It's practical too with lots of easy and effective activities for parents and carers to try with children.
