Head Teacher Update

Dear parents and carers

Thank you for your ongoing support with ensuring that your children attends school every day. We have our parents' evenings coming up next week. Please make sure that you have booked a time to speak with your child's class teacher and look at their books. Today you will receive the annual report for your child. Please do ask questions about the report with your child's class teacher.

Best wishes

Mrs Stone

Please note all information regarding dates, policies and the curriculum can be found on our website at www.newcity.boleyntrust.org

Choir at Horse Guard Parade

As part of the Commonwealth Youth Orchestra and Choir, our choir were busy preparing for Commonwealth day . The preparations included learning 6 songs via Zoom and rehearsing at the Royal Military Chapel (The Guards' Chapel) with the Band of the Scots Guard. On Commonwealth Day (13th March) the full Commonwealth choir joined the Band of the Scots Guard to perform at Horse Guard Parade. Despite the weather being exceptionally windy the children showed great professionalism and sung beautifully with a live orchestra. We are very proud of our choir - Well done!

Year 5 visit Cumberland School

The children in year 5 had an exciting opportunity to visit Cumberland Community School to engage in a fun PE lesson. During their time there, children were able to strengthen bonds through team work activities. These activities promoted creativity, building trust, and taught them about conflict resolution.

Getting to know us better!

it's all about the tea!

Join us and our partners over a cuppa to find out about opportunities in your local area

Monday 20th March 11.30-1.30pm

Reception Visit Mudchute Farm

Last Friday, RG went on a trip to Mudchute Farm to take part in the Bread and Butter workshop where we all worked together to make our own bread; we even turned double cream into butter! After our delicious home-made lunch, we took a bucket of feed around the farm to feed the animals - the goats and sheep were especially delighted!

Star of the Week

RG—Sabahat RS—Fatiha
 RT—Ayshah 1P—Serayah 1F—Lovell
 2JU—Ahyan 2DR— Zohra 2DA—Khadijah

 6W— Sarah Learning Hub—Andre

Attendance Award

The best classes for attendance this week iare 6C and 2JU with 100%

Debate Mate

On Monday 6th March, our debating team took part in the second round of the UDL debating competition. For the first time ever, we took three teams and all teams did incredibly well. They debated on a couple of motions: Should children be allowed to use electronic devices during the week and should children be made to do sport during school. Each one of our teams won a debate, which was fantastic to see and they are have shown amazing progression in their peach skills.

Bikeability

This week, some of our Year 4 and 5 children took part in a Cycle Confident course. They were taught how to ride safely in our playground so they are confident enough to

ride on the road. All the children that took part really enjoyed the course, passing their level one and receiving a certificate. Well done to everyone who took part!

Mr Freeland's Book Review

Can You Get Rainbows in Space

Irresistibly brightly coloured and packed with fascinating facts, this book is a treasure trove of information. Divided into the colours of the rainbow, each section explains how we see that particular colour, and explores nature linked to it. There is so much to discover. For instance, hippos have red sweat, blue eyes are actually clear with no pigment at all, and overripe bananas glow indigo under ultraviolet light. Interestingly, too, the primary colours of light that humans can see are red, blue and green - and when you mix green and red light they make yellow! The introduction explains what light is and how the human eye perceives it, and as well as the ROYGBIV colours, there are sections on black and white, fluorescence, infrared and ultraviolet, and an explanation of how some animals can see in the dark. Vibrantly illustrated in full colour throughout, this non-fiction book is incredibly friendly and appealing. Readers of a variety of ages will find themselves dipping into it again and again.

Week 3	Monday	Tuesday	Wednesday	Thursday	Friday
