## Coffee Mornings in Our Family Centre

Our coffee mornings have started in the Family Centre. The next one will be on **September 28th** at 8:50 looking at music and singing. Please come along!

### Year 1 Visit the library

Last week, Year 1 made the short walk to Plaistow Library to help with their learning on moving picture books. As part of their unit in DT, the children will soon be making their own moving pictures, but before this could happen, they needed to learn how they worked. The children were lucky enough to explore all different types of moving picture books, some with sliders and others with levers. They loved exploring through the books and have come away with some great ideas for their own.

### Secondary Transition

Ms James and two transition ambassadors from Cumberland Community School came to speak to our year 6 pupils and their parents about life in secondary school with a focus on how things similar and different across the different types of schools. They gave our pupils and their families a great insight about life at Cumberland as the application process for secondary school places has now opened. We will do more transition work with our year 6 pupils as the year progresses to alleviate any anxieties they may have.

The children, as always, behaved exceptionally well and were a credit to the school.

### Mr Freeland's Book Review

Konrad hasn't said a word since his dad died five months, six weeks and three days ago. It isn't that he doesn't have anything to say; his mind is full of complicated thoughts and feelings. He just can't find the words that will reconnect him with a world which no longer has Dad in it. Then he meets Maya on the beach. She's not like anyone he's known before and something about her makes him willing to share his discovery of a curious, fossilised claw print - and to invite her to visit Dad's bookshop before it is sold. While reading Maya one of his favourite Polish folk tales, something remarkable happens. The pair find themselves engulfed by the story; whisked back in time to rescue a desperate city from an angry, and very hungry, dragon. This intriguing mixture of contemporary life and ancient myth explores the desolation and trauma of losing a parent and how one boy finds his way back to his friends and family. Connections between the real life and fantasy elements of the story bring positivity to both worlds and show how the spirit of a person stays behind even when they are gone.
