## Stubbers

Last week, the Year 6s and some Year 5s had the amazing opportunity to take part in their residential at Stubbers Adventure Centre. They participated in a range of fantastic activities such as kayaking, paddle boarding and climbing! It was a fantastic experience for all our pupils, who represented the school impeccably showing respect to all staff and commitment to the activities. ## Year 3 Geography Field Trip

Last week year 3 carried out their Geography fieldwork. We are learning about improving our local area and we have decided to focus on litter. Using a map of the local area we planned a route to Brampton Park and marked off all of the places we saw litter and bins. The results were astonishing, you wouldn't believe the amount of litter we found. Next we will interpret our findings and decide what we are going to do to help make a change.

## Ms Fuzzi's Book Review

'If I were Prime Minister...' is a feel-good story which looks at how our country is run through the eyes of a kind, thoughtful and playful child. The story follows a young child's imagination and their desires for the community and country that they live in. They go through numerous wishes including changing the sea to water that swallows plastic, making sure everyone has at least two friends, that every garden has a swimming pool and that woolly jumpers would not feel itchy. The real question is, 'What would you do if you were Prime Minister or Team Captain?' This feel-good picture book is a beautifully illustrated story which gets the reader thinking about what they would change if they were in charge. It covers major socio-political themes including the environment, education and immigration in a child-friendly way. The story made me stop and think as an adult and see the world through a child's eyes, which is a lovely thing. I would recommend this book for all ages.
