New City Primary School Year group: 1 Autumn Term 2023

Welcome back to school. This term we are doing some very interesting and exciting things. We are keen to encourage parents and carers to help in their child's learning at home and as such we are providing you with this overview of what we shall be teaching at school. We also value any resources that you can contribute related to any of our topics. We also ask you to help us by making sure that all homework is completed. If you have any queries please feel free to have a chat with us.

English	Maths	Science
Year 1 will be looking at the authors: Nathan Bryon, Jon	In the Autumn term we will look at place value and	In the first half of the term, the children will be learning about
Klassen and Hannah Lee throughout the year. The children	addition and subtraction. We will learn to order numbers,	animals with a scientist focus on David Attenborough. We
will be looking at a range of stories. Some will be well-	compare them and talk about how many tens and ones a	will classify animals as carnivores, herbivores or omnivores
known such as 'Dark Dark Tale' and 'Little Red Hen' and	number has. We will then use this information to add and	and we will describe and compare the structure of common
