New City Primary School Year group: 2 Spring Term 2024

Welcome back to school. This term we are doing some very interesting and exciting things. We are keen to encourage parents and carers to help in their child's learning at home and as such we are providing you with this overview of what we shall be teaching at school. We also value any resources that you can contribute related to any of our topics. We also ask you to help us by making sure that all homework is completed. If you have any queries please feel free to have a chat with us.

English	Maths	Science
The 'Author of the Term' focus will be Rashmi Sirdeshpande.	In Mathematics the children will continue to	In the first half of the term, the children will be learning about
We will also be reading a range of stories by David Litchfield	develop their understanding of place value of	the different uses of materials with a scientist focus on John
