New City Primary School Year group: 3 Autumn Term 2023

Welcome back to school. This term we are doing some very interesting and exciting things. We are keen to encourage parents and carers to help in their child's learning at home and as such we are providing you with this overview of what we shall be teaching at school. We also value any resources that you can contribute related to any of our topics. We also ask you to help us by making sure that all homework is completed. If you have any queries please feel free to have a chat with us.

English	Maths	Science
Year 3 will be looking at the authors: Greg James, Priscilla Mante	A primary focus this term will be place value, knowing terms	The Children will be working on the topic of Rocks
and Humza Arshad throughout the year. The children will work on	and applying their knowledge. They will be using additive	and fossils with a focus on the Scientist Mary
narrative work, traditional tales and explore authors such as	base 10 (used alongside teaching Place Value to 1000).	Anning. They will take part in a rock workshop
Anthony Browne and Dick King-Smith. They will explore stories by	Throughout the term, the children will continue to build on	where they will have the opportunity to handle a
