## New City Primary School Year group: 3 Spring Term 2024

Happy new year! This term we are doing some very interesting and exciting things. We are keen to encourage parents and carers to help in their child's learning at home and as such we are providing you with this overview of what we shall be teaching at school. We also value any resources that you can contribute related to any of our topics. We also ask you to help us by making sure that all homework is completed. If you have any queries please feel free to have a chat with us.

English	Maths	Science
In English we will be writing Non - chronological reports	A primary focus this term will be place value, knowing	The Children will be working on the topic of Forces and
based upon the theme of Romans, using a range of	terms and applying their knowledge. They will read,	Magnets with a focus on the Scientist Galileo Galilei. They will
sources to gather information. The children will then be	write, order and compare numbers up to 1000 as well	learn that they need light in order to see things and that dark is
learning about Myths and Fables using Aesop's Fables as	as learning to add and subtract 3-digit numbers using a	the absence of light. They will also recognise that light from the
a focus to write their own whilst also exploring the use of	range of methods to deepen their understanding.	sun can be dangerous and that there are ways to protect their
prefixes, suffixes and subordinating conjunctions to	Children will be linking their understanding of number	eyes. Investigations to find patterns in the way that the size of
support their spelling and grammar. In the second half of	to time and a range of practical situations. Children will	shadows change will also be carried out. In the second half of
the term we will be reading a range of poems and using	start to build on work on fractions, identifying whole	the term we will be looking at Plants and building on our prior
